**DETAILING SOLUTIONS FOR
PAINT & BODY SHOPS**

STEP 1

After wet sanding, first use CP-1012 with a cutting wool pad @ 1000-1400 rpm to remove sand marks.

CP-1012 Item# FP-094

Product Description

CP-1012 and CP-1020 are both Cleaner Polishes that are designed to cut wet sand marks left by 1000-2000 grit sandpaper.

- Excellent for cutting light to medium oxidation and dead paint.
- Body Shop Safe - contains no silicone or wax.
- Contains no fillers, thus provides true cutting and leaves the surface smooth and shiny.
- CP-1012 is more aggressive than CP-1020.
- Since cleaner polishes do not provide protection, it is important to use Allbrite's NS Glaze after Step 1 & 2.

Important Note

Allbrite's 3-step system is easy to use, saves time and takes the mystery out of doing the job right the first time. The reason for using the buffer at 1000-1400 rpm is that, at lower speeds, the cleaner polishes cut better and the job gets done faster. Allbrite products do not leave any sticky, powdery residue so cleanup is quick and easy. The result is a smoother and shinier surface with less imperfections.

STEP 2

Use CP-1020 with either a cutting foam pad or soft wool pad @ 1000-1400 rpm to eliminate minor imperfections and swirl marks left behind by CP-1012 in Step 1.

Polish to a Perfect Finish

CP-1020 Item# FP-095

STEP 3

Use NS Glaze with a finishing foam pad or soft wool pad. NS Glaze enhances clarity and provides protection.

Improve Shine & Provide Protection

NS Glaze Item# FP-096

Product Description

NS GLAZE - Non Silicone Glaze is a special glaze that enhances clarity and leaves the surface shiny with a protective gloss.

- Body Shop Safe-contains no silicone or wax.
- Contains no fillers and has very fine abrasive powders that actually remove the swirls, not just hide them.
- Improves clarity and leaves the surface shiny.
- Contains polymer for protection and will not wash off easily. Thus, a car detailed with NS Glaze will not dull within a few washes, which means that the customer will not bring it back and complain after just one or two washes.
- It is easy to do a final cleanup because Allbrite products do not leave any sticky, powdery residue.
- After you wash the vehicle, there is no need for a hand glaze. Just use Allbrite Show Shine (FP-048) to enhance the gloss for customer appeal.

Tips

- Keep the pads flat with even pressure to get less swirl marks.
- Buff in a straight line, because the traditional use of overlapping circular motion produces swirls.

A10-DELUXE AUTO SOAP (FP-021)

Biodegradable car wash soap that cleans & cuts through the toughest grime.

- Excellent for hand washing.
- Easy to rinse off.
- Contains cleaning & foaming agents.
- Has a neutral pH of 8.

We also make a Cherry Foam Shampoo (FP-020) which is A10 with wild cherry scent and is pink in color. Recommended dilution is 1 to 60-100.

CITRUS KLEAN (FP-032)

Concentrated multipurpose cleaner that leaves a variety of surfaces sparkling clean.

- Ideal for Home, Office & Auto.
- Contains de-limonene, solvents, surfactants, alkaline builders, and chelating agents.
- Excellent as a spot remover for heavy grease stains and as a carpet cleaner.
- Has a pleasant & fresh citrus smell.
- pH is about 12.5.

Normal Dilution is 1:10.

GLASS BRITE (FP-031)

Non-streak formula that leaves behind a beautiful sparkling shine.

- Ideal for all glass and hard surfaces
- Concentrated alcohol based formula that will not harm tinted windows.
- Effectively removes grease, dirt and smoke residue.

We also have a concentrated formula that can be diluted 1:5.

RDN- RUBBER DRESSING (FP-011)

Silicone & petroleum free dressing.

- Body Shop Safe
- Leaves a nice gloss.
- Provides a non-silicone shield on rubber.
- Recommended for tires only.

Sponge tires and wipe excess off.

SHOW SHINE (FP-048)

Maintenance product that provides a streak-free shine on already detailed cars.

- Perfect for that final detail.
- Cleans gently by removing dust, smudges and fingerprints.
- Contains wax and polymers that help shine the surface.

Spray, spread and wipe.

DETAILING ACCESSORIES
